

Friends of CASI Sponsorship Program

The Friends of CASI is a sponsorship program for those individuals and businesses that want to contribute to the organization. Friends of CASI donations begin at the five hundred dollar level. These donations help to purchase items given to the winners and Final Table cooks at the Terlingua International Chili Championship. Bronze peppers, jackets, chairs, Wendell Rankin hand painted stoves and Final Table plaques are all purchased from the generous donations of the FOC members.

Friends of CASI members also benefit from their donation during their time at the Ranch during TICC. A few of the benefits are: special wristband that entitles you to no charge beverages, a special thank you plaque, a shirt with your name and Friends of CASI embroidered on it, just to name a few. Wednesday evening at the Ranch during TICC, there is a special reception for Friends of CASI donors to thank you for dedication and commitment.

This program is an integral part of the fundraising for TICC. It enables the organizers to ensure that the cooks that place in our championship receive all the accolades and recognition they deserve.

If you are interested in becoming a donor with Friends of CASI, contact any Board member for information.
